

Spring Break (3/26/2020)

Good Morning Parents,

I hope you are all well and adjusting to so much time at home. I discovered some great exercise videos (free with my Amazon Prime account!). My zumba moves are improving.

Thank you for your feedback on our Distance Learning Program. We are working on streamlining communication. Thanks again for your patience.

Some important information.

- Our two week Spring Break will remain the same, April 6th - April 17th
- Online instruction will continue through Friday, April 3rd, will pause for Spring Break, and then resume on Monday, April 20th.
- After much research, consultation, and deliberation, our new date for a possible return to school is Monday, May 4th.

During Spring Break, our teachers will share some well-deserved down time with their families. But they will also prepare a second set of paper teaching materials for distribution during the second week of Spring Break. Specific dates and times for distribution of materials will be sent later.

Preparation and distribution of materials will take longer and be a bit more complicated than the first time as we practice social distancing and recommended protocols. Our return date may change as well. We want to return to 975 Evenstar as soon as possible. But of course, keeping everyone safe is more important.

Again, thank you for your support, patience, positive feedback and suggestions. Please know we are here for you. We are a school community, emphasis on community. If you think of any way we can support your children, or any way we can support you, don't hesitate to reach out. Team Carden Conejo is here to help.

Most Sincerely,

Lisa Macias-Flavin
