Good Afternoon Parents of K-5th Students,

Three quick things.

1 - Please don't let work for Specialist Classes (Art, Music, French, Sports and Computer) be a stress for your family. The classes are online for you to do when convenient. Spring Break might be a good time to watch some of the videos.

2 - I'm sorry for the many emails hitting your inboxes. Teachers are working on getting up to speed on Google Classrooms which should help reduce the need for emails.

3 - Grades - We will be discussing fourth quarter grading at our Monday Night Staff Meet. I am far more concerned with the mental health of our students than their grades. I will send an email about how we will grade fourth quarter classes next week.

Stay healthy and safe,

Lisa Macias-Flavin
