

Dear Fifth Grade Carden Families,

It is an excellent idea for the students to review and practice the mathematics concepts that they learned during the school year as a brain-bridge to facilitate 5th grade learning in the fall. If your child completes an entire Singapore math workbook over the summer they will receive a certificate at an assembly. There are several workbooks that you can order online that will accomplish this. I recommend "Singapore Math Intensive Practice 4A", or "Singapore Math Intensive Math Practice 4B". The links for these books are below:

<https://www.singaporemath.com/collections/intensive-practice/products/intensive-practice-u-s-edition-4a?variant=40979865436349>

<https://www.singaporemath.com/collections/intensive-practice/products/intensive-practice-u-s-edition-4b?variant=40979865534653>

The second book that I recommend is "Singapore Math Challenging Word Problems 4." Here is the link:

Summer Math Workbook Program

If your child completes an entire Singapore Math book over the summer before they go to Fifth Grade and satisfy every rule below, they will be awarded a certificate at an assembly.

1. Your child completes a Singapore Math workbook over the summer.
2. You turn the book in at Carden before or **no later than** September 2nd, 2022.
3. **Your child's name is clearly written on the front cover of the book.**
4. You fill out the information sheet on the clipboard that includes
 - A.) Your child's name.
 - B.) The grade they will be going into.
 - C.) Your signature stating that your child completed the entire book over the summer.
 - D.) The date you turned the book into the school.

Thank you for supporting your child's learning. If you have any questions, please email Ms. Chong at allison.chong@cardenconejo.com.

Sincerely,

Your Carden Conejo Math Department
